César Chávez Community Walking Tour

Thanks to a partnership with Multicultural Communities for Mobility, Boyle Heights residents and stakeholders had a chance to guide future investment in streetscape improvements that will provide smooth sidewalks, renewed tree canopy and transit stop upgrades. Farewell to Carter

The Great Streets Team is bidding farewell to Carter Rubin, who joined the team in 2014 and helped build the Initiative to what it is today. Among many accomplishments, Carter helped coordinate the installation of Los Angeles's first parking protected bike lanes, managed a comprehensive [data-driven evaluation](#) of the Great Streets corridors, spearheaded the [DIY Great Streets Manual](#), and secured over \$40 million in investment to sustain the program.

After serving in Mayor Garcetti's administration for four years, Carter joins the Natural Resources Defense Council this August to lead their efforts to advocate for sustainable and equitable transportation systems.

Carter will be missed for his gargantuan knowledge of Los Angeles and amazing Twitter thumbs. We wish him the best of luck in this exciting new chapter of his career!

You can follow his explorations and pontifications around Los Angeles over at Twitter [@CarterRubin](#).
